Packing and Shipping:

Packaging and Shipping of Single Watch Box

A single watch box is packed with an inner box and an outer box. The inner box contains the watch box and is then placed in the outer box. The outer box is designed to protect the watch box from any physical damage during shipping. The watch box is placed into a padded envelope or bubble wrap before being placed into the outer box. The outer box is then sealed with tape and labeled with the shipping address. The box is then shipped in accordance with the shipper's shipping guidelines.
